#### INGREDIENTS

Each tablet contains:

150 mg of L-ornithine L-aspartate

#### Excipients

Potato starch, polyvinylpyrrolidone K-25 (E-1201), talc (E-553), sodium salt of carboxymethyl cellulose (E 466), magnesium stearate (E 470 b)

#### EFFECT

The active substance in HEPATIL tablet is ornithine aspartate, which facilitates detoxification and regeneration of liver cells in case of liver disorders of various causes, for example, consumption of alcohol and medicines or infections (viral hepatitis).

It helps the liver and protects it from the harmful effects of toxins.

#### CONTRAINDICATIONS

- hypersensitivity to any of the ingredients of the preparation
- severe heart failure
- disorders of amino acid metabolism, for example, enzyme disorders

#### DOSAGE

It can be used by adults and children over 7 years of age - 1 to 2 tablets 3 times a day taken with a small amount of water.
